GENERAL NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Terrible Fire—Great Destruction of Property—Some Lives Lost

Memphis, July 2.—The Anchor line steamer *Capitol City* while lying at the [illegible] was totally destroyed by fire this [illegible]. The officers, crew and passengers hardly escaped with their lives. A strong [illegible] was blowing at the time and before the engines and tugs could reach the [illegible] the elevator was on fire and the [illegible] the flames through the building, which [illegible] 1000 barrels oil, bagging [illegible] inflammable articles which caused [illegible] intense heat as to speedily drive back the firemen. As soon as the fire was discovered Capt Crane ordered the boat to be [illegible] in order to save the elevator, but [illegible] held the boat hard against it until [illegible] when the boat floated down a hundred yards among some trailing and [illegible] and burned to the boiler deck after setting those boats on fire. The elevator [illegible] burned to the water's edge and together with a large amount of valuable merchandise is a total loss. There are numerous conjectures as to the number of lives lost but up to this writing only one body has been found which was on the deck of the *Capitol City* only [illegible] trunk being left, and thus far it has not been identified. One passenger was severely burned in trying to save his baggage. The total loss will exceed $800,000 the greater portion of which falls on the Anchor Line Co of St Louis.

Later.—Another body was found in the wreck of the *Capitol City* this afternoon with the body burned badly. Twenty bags of government mail were destroyed and more damaged. All the freight, consisting of [illegible] bales of cotton, 300 sacks cotton seed, etc, was lost. The goods stored in the elevator were saved. The estimated total loss will reach [illegible].

He Gave His Life for His Child.

Portland, Me, July 2.—James S. Bell, superintendent of the W. U. Telegraph Co. was drowned at Pine Point, Scarborough, in attempting to rescue his daughter.

Explosion of a Nitro Glycerine Factory

Paterson, N J, June 2.—The Rand [illegible] powder works, at Preakness, exploded [illegible]. A number of persons are reported killed.

Thugs, Thieves and Tramps.

Davenport, Iowa, July 2.—During a conflict between thugs and thieves and a large body of tramps who were stealing a ride on a railroad train, near Astoria, two of the tramps were killed and others fatally wounded.

Suspension of Print Works.

Fall River, Mass, July 2.—The Fall River Print Works have suspended. Liabilities about $150,000; assessed valuation of property last year $206,000. The concern has some [illegible] over $100,000 in notes out, since which the banks declined to renew and some have been protested.

Road Agents at Work

Hat Creek, Wy, July 2.—The coach from Deadwood with six passengers was attacked last night by road agents at Whoop Up, 60 miles south of Deadwood. The coach contained E. S. Smith and J. Smith of New York, A. Liberman and H. Liberman of Chicago, Daniel Finn and Mrs. Boughton of Cheyenne. Only two agents came in view and after placing the passengers in line and relieving four of them of various amounts of money, together with two gold watches they demanded to Finn who drew his revolver striking one of the robbers in the region of the groin. The robber fell on his knees [illegible] and as Finn was about to shoot again he was shot by an accomplice of the robber who laid in ambush. The ball entered at the left side of the nose and passing through the mouth came out in front of the right ear, inflicting a painful but not serious wound. The robbers then retreated, firing several shots, wounding E. S. Smith in the leg below the knee, and A. Liberman in the thigh, both flesh wounds. Mrs. Boughton was not injured. The coach arrived here at 7 o'clock this evening with all the passengers. The wounded were made comfortable and are now en route to Cheyenne. About eight highwaymen are supposed to have participated in the raid. Wm. Ward, division superintendent, [illegible] together with some reliable men are now in pursuit of the robbers.

The Louisville Races.

Louisville, July 2.—The track is in excellent condition. For the first day the first race was a sweepstakes for 3 year olds, 1¼ miles. Kate Claxton won, Harper second. Time—2:13.

In the second race, mile heats, Janet won, [illegible] second. Time—1:43¾ 1:4[illegible].

In the third race, 1½ miles, Dan won, [illegible] second. Time—2:00½.

The interest in and excitement over the Tenbroeck-McCarthy race borders on the [illegible], and the chance of victory is compared to the pitching of a coin for head or tail.

WASHINGTON CITY

In Want of Barl's of Money.

Washington, July 2.—The *Journal's* Washington special says the Democratic congressional committee has not yet decided upon the line of action for the approaching congressional campaign, and has not held any formal meeting to lay out the summer's work. It is reported by a member of the committee that lack of funds will cripple to a great extent the work of the committee. Several thousand dollars have been subscribed by Democratic members of congress, but no money has been paid into the treasury. So the committee is out of funds. Reports from various sections south represent a disposition on the part of Democrats to break away from the party lines and to run independent tickets. This information is far from satisfactory to the Democratic leaders, as it endangers Democratic control of the next House. Members of the committee say upon reassembling [illegible] an effort will be made to push [illegible], so that adjournment can be had by the end of July. There is some talk of the committee holding its session in New York.

THE EASTERN QUESTION.

Yet One More Difficult Question

London, July 2.—With yesterday's session of the congress the problems presented by the [illegible] of Turkey in Europe have been solved, with the difficult exception of the border provinces of Greece. One scheme of settlement proposed is to offer Greece the same right of supervision and control of West Roumelia that she has over Thessaly, Macedonia and Epirus as Austria will be interested within Bosnia and Herzegovina, and probably in northern Albania. By thus [illegible] the influence of neighboring states over adjacent provinces the congress might [illegible] a cause of future war.

The Greek Ministry Resigned

Athens, July 2.—The Greek ministry resigned in consequence of an objection by the [illegible] to some promotions made by the minister of war. King George has [illegible] the resignation.

An Italian Disclaimer

Rome, July 2.—The ministerial [illegible] emphatically denies that Italy [illegible] seek compensation in Albania [illegible] occupation of Bosnia and Herzegovina.

A. H. Stephens at Home

Atlanta (Ga), special [illegible] A. H. Stephens spoke here [illegible] immense crowd and [illegible] the Potter resolution by [illegible] recent events and declared [illegible] ruled out of the party by political [illegible] the coming district Democratic con[illegible] failed to nominate him he would [illegible] the people. He said Hayes was [illegible] the south than Tilden could have [illegible] declared he himself would [illegible] disciple of Jeffersonian Democrats free from the party lash and the caucus lasso.

THE POTTER INVESTIGATION

[illegible] in New [illegible] [illegible] Anderson never saw Nixon until in New Orleans before which the affidavit appeared [illegible]

James E. Anderson asking permission to explain stated that on the 11th of May [illegible] in the street and he [illegible] was going [illegible] in Washington [illegible] went with witness to his office in the custom house and dictated the affidavit [illegible] went to Notary Seymour's office and Jenks swore [illegible] The purpose in making the affidavit was [illegible] Anderson's [illegible] son was to show [illegible] strength of it.

[illegible] Weber, brother of Daniel Weber was sworn and declined to read a statement of [illegible] with the [illegible] Republican [illegible] [illegible] Kellogg [illegible] of the electoral [illegible] and [illegible]

[illegible] Weber was given permission [illegible] The statement [illegible] Anderson [illegible] Weber and James E. Anderson [illegible]

Weber [illegible] said that his brother [illegible] the Sherman assurance, and said he had [illegible] Sherman. Weber was [illegible] of Sherman and was [illegible] [illegible] Weber family [illegible] Weber had endeavored to find it among [illegible] of her husband which were packed away in trunks and a large [illegible] box [illegible] the witness had [illegible] and had found it in the shoe box and [illegible] with Mr Jenks [illegible] connected with the authorship of the Sherman letter. About the 27th of November it was [illegible] only six of the Hayes electors [illegible] Kellogg, on that day remarked to him [illegible] We are after all [illegible] In regard to the agreement between James E. Anderson and D. A. Weber [illegible] state that I personally know that such agreement was entered into and I was [illegible] the same as has been presented. My brother was murdered March [illegible] was editor previous to his death [illegible] threat [illegible] at [illegible] from the state auditor [illegible] supposed to have [illegible] his death, and to that extent might suggest its authors. While I consider [illegible] it would have occurred had he not made the protest which deprived the people of [illegible] pers and enemies [illegible]

[illegible] Mrs. Weber [illegible] any information [illegible] of May [illegible] Mrs. Weber [illegible] New Orleans [illegible] Washington [illegible] come to have her arrested [illegible] Mrs. Jenks and her husband have [illegible] the paper. The Sherman letter [illegible] Jenks to fact [illegible] with Anderson was such as to give him an equal able right to the same.

After going through with the [illegible] it was stated [illegible] Kellogg [illegible] in which a large number of votes were thrown out were missing. Witness only knew by hearsay that Kellogg and Packard made [illegible]

The committee [illegible] the original papers. Owing to the faithlessness of Anderson not returning to the parish in time about [illegible] conservative voters were [illegible] registered. Would not believe any statement of Anderson unless corroborated.

Judge McVea of East Feliciana testified that Anderson and Kellogg promised him that Anderson should return [illegible] In 1874 the parish gave [illegible] majority. Adjourned.

The Potter Sub-Committee

New Orleans, [illegible] [illegible] Witness produced [illegible] envelopes [illegible] of the [illegible] the laws regarding [illegible] of the [illegible] by messenger to the president of the senate. Witness stated that the [illegible] had not been withdrawn, though application for the withdrawal of the first set filed by the Republicans had been made to Judge Billings. [illegible] but there were so many [illegible] in the [illegible] time that [illegible] tion for the withdrawal but heard [illegible] fuse to allow the withdrawal.

[illegible] examined [illegible] the Republican electors, the second those sent by the conservative electors, the third those sent by the Republicans in the place of those which were found defective. The certificates were [illegible] It is claimed by the Democrats that [illegible] to the first set [illegible] The committee took charge of the documents.

A CAUSTIC LETTER ON ARMY AFFAIRS

[illegible]

In making your selection of special cases you unfortunately [illegible] and one company A as having five commissioned and non commissioned officers [illegible] had just previous to the muster [illegible]

Your next question from [illegible] is equally unfortunate for your present company K is having eight commissioned and non commissioned officers to [illegible] four privates and one bugler [illegible] the fact again that this company [illegible] passed through the same fight with the loss of one officer wounded three [illegible] seventeen killed and wounded.

Your third selection was no better than the other two. For company G was, as you say, less fortunate in the matter of officers for while it had one sergeant, two corporals, one bugler, one musician and six privates a total of eleven present for duty it was without any commissioned officer whatever. The reason why it had no commissioned officer present with it twenty two days after the battle was purely accidental for there were two present with it at the battle [illegible] that it lost in that action killed and wounded four sergeants and two corporals, and also [illegible] non commissioned officers [illegible]

[illegible] the condition of the army and every fair minded [illegible] a closed one it would never see the light [illegible] matter which is a lawyer [illegible] as not on your side of the question.

I write this simply for the purpose of placing before the public a more correct view of the conditions of the army than you have given in the [illegible] JOHN GIBBON.

SOUTHERN CLAIMS

[illegible]

The Democrats maintain that authority was directly granted [illegible] the Republicans [illegible] the Republicans [illegible]

[illegible] Here was a crisis impending. Conkling and Gordon who once [illegible] fighting a duel were again menacing each other. Friends of both [illegible] held their breath. Nobody knew what Conkling might say but certain it was that Gordon's chivalric [illegible] expand at the slightest provocation. Stevens presided and everybody looked with nervous interest. It was a scene [illegible] that of a ring of prize fighters with a wicked gang of bystanders to urge them on. Gordon [illegible] his jaws to [illegible] Conkling [illegible] asked [illegible] The interest at his point became intensified. Conkling [illegible] to repeat his charge or else back down. [illegible] did not back down [illegible] with his umbrella and hat [illegible] two paces toward Gordon [illegible] Gordon took his seat. When Conkling sat down Gordon rose again. The interest became intense [illegible] satisfying himself with a broad denial in vindication of his friends. After this Ben Hill [illegible] a dissertation upon the poverty and honor of the southern people. Then Saulsbury [illegible] the Warden seeing nothing could be done in the boiling blood of the senate [illegible] to adjourn and it was carried. To day everybody expected the fiery debate to continue but it did not. Very little discussion was indulged in and Hill's amendment was passed as amended by Blaine and subsequently by Hoar providing a penalty in case of any [illegible] money.

Remote Causes of the Indian Outbreak

(From the San Francisco Bulletin)

In all that vast region drained by the Columbia river and its branches stretching from Southern Oregon and southern Idaho [illegible] been most feverish [illegible] in winter principally [illegible] Recently extensive fisheries of salmon have been established on the Columbia. Twenty one are in active operation [illegible] from the bar at the mouth to the foot of the [illegible] own Sacramento. The time is near when [illegible] or the sources of the Columbia will have them not. The Indians in all that broad territory already feel the effect. The plows of the settler in the shape of steel and noses of droves of fast increasing hogs, are exterminating the bread root of the Indian. His game is shot, his nut trees cut down for fuel, his berries picked by the settlers closing in around him. Why should he not be restless when his food supply is coming to a minimum.

WEDNESDAY MORNING JULY [illegible] 1878

WASHINGTON CONSTITUTIONAL CONVENTION.

The constitutional convention in session at Walla Walla begins to get its work into shape. Several articles embracing the most important provisions of the constitution have been reported from the committees and ordered printed. That on suffrage [illegible] follows substantially the [illegible] constitution of Oregon. It is altogether probable that a separate clause on woman suffrage will be submitted for a vote. The article in relation to the legislature as reported by the committee provides for biennial sessions, and declares that the house of representatives shall never consist of more than sixty nor less than eighteen members, while the senate shall consist of a number not more than one half nor less than one fourth that of the house. In the committee's report the compensation of members is fixed at four dollars a day and their mileage at ten cents a mile. Sessions are to be limited to forty days. Several provisions are recommended against hasty legislation and legislative jobs which unfortunately are unknown to the constitution of Oregon. It is proposed that no bill except the general appropriation bill introduced after the first twenty five days of the session, shall become a law, unless the same shall have been recommended by the governor by special message. This is a very proper contrivance for fixing responsibility for legislative acts which may be solicited for purposes which would not bear public scrutiny. Also that no act of the legislature shall take effect till ninety days after its passage, except in case of emergency, which shall be expressed in the preamble of the act and then it shall receive a two thirds vote. Special laws on a great variety of subjects which experience has shown cannot be dealt with by a legislature without danger of abuse, are inhibited. The legislature is not to authorize any lottery nor grant any divorce, and in no case is to pass a special law where a general law can be made applicable. The article in relation to the executive as reported by the committee on that subject provides that the governor shall be elected for the term of four years, that he shall have attained the age of thirty years and been three years preceding his election an inhabitant of the state, that in case of his death, resignation or absence, executive duties shall devolve on the president of the senate, that the salary of the governor shall be $1 [illegible]00 a year, and that he shall not be eligible to the office for the next succeeding term. Salaries recommended for other officers are similar to those paid in Oregon. In general no person who has been a defaulter in office is to be eligible to any place of trust or profit in the state. There is to be no state printer but all printing and binding are to be let by contract to the lowest bidder. No officer is to be allowed to receive any fees and perquisites whatever in addition to the salary provided by law—unless he finds a way to do it as has been done in our state in direct violation of the constitution. A good article on education is reported, including provisions for support of common schools. The article on judiciary is not yet reported. What has been done as yet is of course the first outline. It may, however be safely said that the convention is proceeding with intelligence and prudence, and is carefully laying the foundations of a good constitution.

THE TEST OF LOCALITY.

One of the greatest of all follies in connection with selection of candidates for office is to make choice mainly with reference to locality. Under such circumstances real qualifications are often quite lost sight of. Political slate-makers who do these things are not so discriminating as the people usually are, for the latter when they come to vote require other qualifications in candidates than may be offered in the mere fact that they belong to this or that particular locality. Hence the very consideration on which short sighted managers act with a view to increasing party strength, often turns out to be a source of weakness. Availability in candidates is not, indeed a thing to be disregarded. But it must be put on higher ground than the claim of locality. If not, defeat is its natural consequence. It might be supposed that in the old states there would be less of this folly than in the new. But we find the New York *Times* combatting the very same absurd error, which is prevalent in several parts of that state, that has often embarrassed political movements in Oregon. It shows how several members of congress have been lost by the Republicans in northern and western districts of New York solely as a result of this utterly foolish test as to locality of candidates, and says that again this fall there promises to be a loss of several more. The question of locality entered to a considerable extent into the selection of candidates by the Republican convention of our state at its meeting last April. But the action taken by the convention in the geographical distribution of nominations brought no votes to the candidates to compensate the loss suffered by some of them from other causes which it was the duty of the convention to consider before the nominations were made. Few indeed in Eastern Oregon voted for Mr Hines for congress on account of his residence in that section, and nobody there refused to vote for Mr Whiteaker because his home is in the opposite part of the state. If this question of locality have any real weight there were reasons why Mr Whiteaker should not have received so heavy a vote in the eastern part of the state. But there is nothing in it. People generally would no more choose their candidates on such absurd principle of selection than they would buy boots on the Chinese principle of getting the biggest possible pair for the money.

A SIGN IN THE SOUTH.

If a Republican party is to be built up in the southern states, the end will be reached only through a revolt of the more liberal Democrats from the dictation of extremists of their own party. A break in the ranks in Georgia just now seems imminent. Alexander H Stephens has a large following in that state and there is an effort to shelve him [illegible] of the course [illegible] in the house on the Potter [illegible] has gone at [illegible] tion of caucus [illegible] says that though [illegible] comes to be [illegible] men are wanted who are Democrats all [illegible] and he does not fill the test. To this he defiantly replies in a speech in which he says that he [illegible] not to be [illegible] tion and that if the Democrats [illegible] of his district do not nominate him he will appeal directly to the people. This makes an open issue. Very probably this bold independent talk following hard upon his independent action in congress will complete his separation from his party. For maintenance of discipline they will insist that he be ostracised. The [illegible] time never [illegible] a man who declares his independence of [illegible]. But so prominent a man as Stephens has powerful friends who are able [illegible] not only in his own state but in many parts of the south. This revolt therefore may bring to the front a class of independent and conservative men who by aid of the Republican vote could defeat the tyranny which is the fruit of a confidence in overwhelming majorities. It may raise a [illegible] of men who would rally [illegible] that his rights were protected [illegible] that sooner or later in some such way as this the solid sectional strength which now [illegible] of the Democracy of the south will be broken or at least greatly impaired.

San Francisco this year pays the heaviest tax ever levied on the property of the city. This is not strange since now more than formerly the taxes are levied by people who don't pay them. In order to disguise the fact that the levy is exorbitant valuations of property have been greatly increased. A good while ago San Francisco essayed a reduction of expenditure by consolidating the county and city governments. But this has not resulted in any permanent relief to tax payers. On the contrary the levy has for a number of years been gradually rising even under a system of much higher valuation. Five years ago the levy was $1 on the $100. It is now $1 60 and it seems impossible to arrest the upward tendency. There are too many who insist on their right to live upon the city government and who have influence with the voters to support it.

The congress at Berlin has now reached a very difficult point in its deliberations. What is to be done with the Turkish debt? The congress we are told will certainly deal with the interests of the holders of Turkish bonds. The debt of the empire exceeds one thousand million dollars most of which is held in England. Turkey's finances before the late war were hopeless. Since then despoiled of her territory, her revenues cut off and her debt augmented, she is a proper candidate for an international bankrupt act. If the holders of her bonds couldn't get their interest before the war how are they to get their principal now?

A political consideration in connection with the incorporation of Northern Idaho into Washington is suggested by the Walla Walla *Union*. Congress now bids fair to be Democratic in both branches. The three northern counties of Idaho cast in the last election 4[illegible]8 Democratic and 258 Republican votes. Add this Democratic vote to Washington and it would come so near equalizing things that a Democratic congress would have little to fear by the admission of Washington into the union.

Christian K Ross father of the kidnapped boy has spent his entire property in search for his child including $20 000 contributed by the citizens of Philadelphia, nearly $80 000 in all, and is in very reduced circumstances. The governor of Pennsylvania has appointed him master warden of the port of Philadelphia at a salary of $2 [illegible] per annum, an act which the sympathy of the people heartily approves.

Eastern journals teem with specials which give thrilling accounts of the adventures of Sarah Winnemucca in connection with the present war. The stories presented contain all the elements of Indian romance of the Cooper order. No end of dime novels with Sarah as the heroine will set the hair straight up on the heads of youthful readers at the east now right away.

The weather report for June of this year shows only about one-twentieth part of the average rainfall for that month. The usual rainfall in June is about two and a half inches. But for June of this year it has been but thirteen one hundredths of an inch, which sufficiently explains why late sown grain and vegetable crops generally have poor prospect.

The number of children in San Francisco under seventeen is 50 288 including 1 [illegible] Chinese. The number of children who have attended the public schools of the city during the year is only 35 127.

CITY.

KILLED.—Edward Galloway [illegible] mile above Rainier at [illegible] was [illegible] killed by a load of wood [illegible] on his body. The only circumstances known of the occurrence are as follows: Edward [illegible] o'clock on Monday he left [illegible] with an ox team, going to [illegible] for a load of wood. He remarked as he left that [illegible] had been raining the road was slippery, [illegible] would not haul as large loads as he [illegible] before done. It is supposed on his return that he was in front of his team [illegible] grade and that he must have tripped and fallen and while down the team and wagon went over him, striking on his right hip and pit of the stomach and crossed his [illegible] arm and shoulder, breaking it in [illegible] places. Not coming to supper about half past six his brother James went in search of him and found him lying on the side [illegible] face down, dead, and a good [illegible] in his broken arm-hand. It seems that he must have lived some little time after he was hurt, as by the evidence [illegible] the road he must have been struggling. He [illegible] after getting down to the foot of the hill, stopped and was found there by the brother. Mr. Galloway was a young man highly respected by all who knew him and of exemplary habits. His sudden death has cast a gloom over the community. His remains will be buried at Monticello, W. T., to-day.

INDUSTRIAL DRAWINGS.—At Masonic Hall may be seen some very creditable specimens of drawing taken from the drawing examination of the present year's classes in the public schools of Portland. Yesterday a number of persons visited the hall to inspect these drawings. The degree of proficiency and skill displayed by the pupils was a matter of real pleasurable surprise to the many who called. To-day the hall will be open to the public from 10 A. M. until 3 P. M. A very cordial invitation is extended to the public to call and inspect the drawings. Remember the exhibition is *free*. Miss E. C. [illegible] will be at the hall during the day and will take pleasure in imparting all desired information. Do not fail to drop in, for the exhibition is worthy of inspection and, we may add, admiration.

PROBABLY NOT SAMUEL.—After all there is a strong probability that the citizen scout named Myers, who was reported killed some days ago during Col. Bernard's brush with the redskins, is not Mr. S. K. Mayer, the young gentleman who was formerly connected with the *Standard*. The San Francisco *Chronicle* of the 28th says that Myers was from Atlanta. Col. Robbins enlisted a number of scouts at Atlanta, Idaho, and it is possible that Myers is correct, and that it is not Mayers, as has generally been supposed. To his parents in Mississippi and his many friends in Portland the news of Mr. Mayer's safety will be a source of no little relief.

COMING INTO THE DALLES.—From Colonel [illegible], who came down last evening from The Dalles, we learn that a good many people are coming into that place from different parts of Wasco county in consequence of fear of the Indians. It is believed, however, to be an unnecessary scare. All the resident Indians are perfectly quiet and friendly, and the only danger that could arise would be from a possible movement of hostiles trying to escape from Gen. Howard. These would not probably take in a very wide range of country in their flight. It is natural, however, for the people to be somewhat timid and even over cautious.

FALL.—A small lad, whose name we have not learned, met with a severe fall yesterday afternoon. Being seized with a spirit of adventure, he climbed up on the roof of a house standing near the corner of Third and Washington streets, and as the shingles were wet and slippery, the boy lost his footing and came down on the awning. No bones were broken, but a severe gash was cut in his forehead and he sustained several bruises. The force of the fall was sufficient to knock the boy senseless, but he speedily regained consciousness. His injuries are not regarded as dangerous.

FISHING EXTRAORDINARY.—Why travel to the Clackamas, or other of our noble rivers of Oregon, when the lovers of piscatorial sports can enjoy their leisure hours nearer home and so much more advantageously. A subscriber to THE OREGONIAN, residing on Taylor street, between Ninth and Eleventh, has placed upon our table a tank containing a valuable specimen of the *salmo ferox* supplied by the water company of this city and captured after much exciting sport by a party of three in the bath at his private residence.

GOOD SAMARITAN HOSPITAL.—The following statement will be of interest to the public: Number of patients remaining in Good Samaritan hospital June 1, 1878, 21; admitted during the month, 25; discharged, 21; died, 1; remaining under treatment, July 1, 24; charity patients, 18. These 18 charity patients average 12 days each, which makes $216 for the month, showing how necessary it is to receive assistance from the people of Portland and vicinity.

RECOVERING.—The seaman, Daniel August, who was injured by a fall on board the British ship *Viola*, was removed to the Good Samaritan hospital and is in a fair way to recover. The man's skull was broken and he was severely bruised and injured about the neck and face. The pieces of bone [illegible] were removed from the head by Dr. [illegible], and although the man is still in a dangerous condition, it is hoped that he may recover in time.

PLEASANT ENTERTAINMENT.—The [illegible] entertainment given last evening, at [illegible] chapel by the Sunday school for the benefit of the building fund proved very profitable and successful. The attendance was quite large. A number of views were exhibited, and other exercises held during the evening. Throughout the entertainment was enjoyable, and those who attended had no reason to regret their choice.

VICTORIA CRICKET TEAM.—The following named gentlemen represent the Victoria Cricket Club, viz: H. Bennett (captain), A. Rose, M. W. T. Drake, H. F. Crossdale, J. King, W. Wilson, J. Howard, A. W. Jones, C. E. Layton, D. M. Eberts, C. E. Pooley, J. E. Byrne; captain of the Portland team, W. H. Creighton; scorers, Victoria team, R. S. Byrne, Portland team, Ward S. Stevens.

SCALDED.—A little son of Mr. Huber, aged about six years, was scalded in a painful manner yesterday morning. The child was standing near the stove and while Mrs. Huber was dipping out some hot water from a basin she accidentally spilled a small quantity. The boiling water fell on the little fellow, scalding his neck and face quite severely.

NEW PUBLICATION.—A well filled sheet entitled "Resources of Oregon and Washington" is laid on our table. It will be issued monthly at Portland by Mr. D. C. [illegible]arson for $1 50 a year. Its columns show the fruit of industry and judgment. All its matter is well worked up and judiciously classified. Success to the enterprise.

NOTICE.—The Woman's Association of St. Stephen's chapel will meet this Wednesday afternoon at 2½ o'clock at house of Mrs. [illegible], on Jefferson between [illegible] streets. A full attendance is requested.

GREAT REPUBLIC.—[illegible] dispatch was received [illegible] "The steamship *Great Republic* [illegible] at 4:30 P. M. She will [illegible] the morning at daylight."

THE GLORIOUS FOURTH.

WHERE AND HOW THE DAY WILL BE OBSERVED.

AT CATALPHA GROVE.

An excursion and celebration will take place to-morrow at Catalpha Grove, on the Columbia river. Three steamers will leave Everding & Farrell's wharf, foot of Alder street, for the grove, [illegible] A. M. on the 4th. The grove is very pleasant [illegible] and a large platform for dancing purposes has been constructed. There will be reading of the Declaration of Independence, an oration, music and everything to make the day pass pleasantly.

AT NEW ERA.

[illegible] at New Era [illegible] one of the pleasantest affairs of the season. The place is easy of access [illegible] Judge N. W. [illegible] City, president of the day. Oration by Hon. A. C. Gibbs. Reading of Declaration of Independence by Mrs. S. D. Smith. The train will leave at [illegible] A. M. and returning will leave the grounds at [illegible] P. M., arriving in Portland in time for the fireworks in the evening. The prospects now are that there will be a large attendance at New Era.

[illegible]

To-morrow, should the weather be favorable, [illegible] will be a grand gala day with the Portland Hibernian Benevolent Society. It is proposed to celebrate in a becoming manner the anniversary of American independence at [illegible] Portland Park, and to insure the success of the affair and secure a large attendance every arrangement has been made. The committee of arrangements, Messrs. Thomas Kearney, J. Kennedy, D. McGill, Vincent McCullough and J. J. Wilson, have been engaged for several weeks and have spared no efforts to make the occasion successful, enjoyable and long remembered. For the day the Washington Guard Band (brass and string) has been engaged. There will be a grand military and civic parade through the city in the forenoon, headed by a band of music. After parading through the principal streets the procession will march to the park. In the course of the day the following amusements will be inaugurated: Ladies' target shooting, foot racing, sack racing, etc., etc., to all of which suitable prizes will be awarded. A prize will be given for the best company shooting. Some needed improvements have been made to the dancing platform and the grounds have been thoroughly renovated and every required accommodation provided. In the evening there will be a fine pyrotechnic display. The committee have made arrangements to preserve good order during the day. No disreputable characters will be allowed on the grounds. A cordial invitation is extended all organizations in the city and state to participate in the parade. Admission to the grounds 50 cents; children under 12 years, free.

RED MEN'S PICNIC.

Willamette Tribe No. [illegible], Improved Order of Red Men, will duly celebrate the coming Fourth at Canyon Garden. During the day there will be a grand parade of Red Men through the streets of the city. Music will be furnished by the Northwestern Band. The festivities of the day will consist of a concert, dancing and amusements of all kind. Abundant refreshments can be obtained on the ground. There will be fine display of fireworks in the evening, and the gardens will be brilliantly illuminated. Entrance to the garden 50 cents; children accompanied by their parents free. No disreputable persons will be allowed on the grounds. Tickets can be had of any of the committee of arrangements and at A. Saunders' barber shop, [illegible] block, Second street.

PRIZE SHOOTING.

There will be a grand prize shooting of the German American Rifle Club at their park to-morrow, three blocks north of the Gambrinus brewery. The following prizes will be awarded: 1st prize $20, 2d prize $[illegible], 3d prize $[illegible], 4th prize $[illegible], 5th prize $2. Prize shooting will commence at 9 A. M., ending at 5 P. M. All members and their friends are kindly invited to attend. Refreshments on the grounds.

CELEBRATION AT THE CAPITAL.

Salem was first in the field this year for a general public celebration of Independence Day, and for several weeks her citizens have been almost unanimously working up the preparations, and now every arrangement is reported complete for the proper observance of the occasion and the entertainment of the vast crowds of people that are expected will throng the capital city on that occasion. There will be during the day a grand procession, oration by Hon. Elwood Evans, a basket dinner, military parade, boat race, base ball and a grand display of fire works and a ball in the evening. As the Salem people are noted for their harmoniousness in everything of public character which they undertake, we have no doubt the celebration of the day will reflect credit on the capital of the great state of Oregon. Half fare will be charged on the railroad from all points, tickets good for two days. The executive committee embraces the well-known public spirited citizens of Salem, [illegible] Stinson and J. M. Patterson.

SCOTTISH PICNIC.

The third annual picnic of the St. Andrew's Society of Oregon will be given at Willamette Grove, about five miles above Portland. Judging by [illegible] members have entered upon the preparation for it to attend the picnic will be one of the most pleasant [illegible] by which is offered to the people [illegible] [illegible] make it [illegible] besides having all necessary [illegible] for the convenience of those desiring to indulge in dancing, games, sports, etc. Excellent music [illegible] the largest dancing platform [illegible] place a great number [illegible] from the city [illegible] *of Salem* will make regular trips to the grounds during the day [illegible] A. M. She will also make one trip from the city and return to the grounds [illegible] morning, and one in the evening. The managing committee consists of P. Taylor, A. W. Bennett and Colmer. Tickets [illegible] gentlemen $1; ladies, 50 cts.

FOURTH OF JULY RACES.

The people of Portland will no doubt be glad to learn that the Willamette Rowing Club have decided to open the boating season with a scratch race on the Fourth. The race will be between two 4-oared boats, manned by members of the club. The crews are as follows: Crossed Colors, [illegible] McQuinn [illegible] [illegible] A. Neale, [illegible] J. K. Mattaken [illegible] coxswain [illegible] Watson [illegible] H. M. Moisan [illegible] S. Dunbar [illegible] J. N. Dunbar [illegible]. Thanks to the kindness of Capt. George Ainsworth the club have secured for the use of spectators the O. S. N. Co.'s wharf. The course to be 1½ miles and return, the start and finish being off said wharf, the race to commence promptly at 5:30 A. M. From the practice of the crews a very sharp and exciting struggle may be expected. It may be well to mention that provision has been made for the comfort of ladies and their escorts.

CRICKET MATCH.

Last evening the Victoria cricket club arrived here on the Kalama boat. The members of the club were met at the wharf by a delegation from the Portland cricket club. The visitors were cordially received and escorted to the Clarendon hotel, at which place they will remain until their return. They will be the guests of the Portland club [illegible]

A number of Portland people propose to spend the Fourth at the capital.

The stone crusher at the west end of B street is kept constantly engaged.

The Willamette river was [illegible] lower [illegible] July 1877.

Firecrackers and [illegible] bombs to-morrow. Won't young America be in high clover.

Do not fail to call to-day at Masonic Hall and examine the books and drawings on exhibition there.

Special Officer [illegible] has been removed from the police force and Wm. Rickey appointed in his place.

We regret to announce that Frank E. Hodgkin has been confined [illegible] He is improving.

Merged. Mrs. Virginia Brecroft is now on a flying trip to Astoria. She will return to this city next Friday.

Mr. [illegible] has had his king [illegible] boat changed to a double. Have to be mighty steady now or else take a bath.

And now the average [illegible] is startled over the sensational report that Henry Ward Beecher will deliver the oration the day after to-morrow.

[illegible] leaves for the Sound this morning to go [illegible] between [illegible] and Port Townsend. He will be absent about three weeks.

A fellow at our elbow suggests that it would be a proper thing for all the disreputable characters in the city to give a picnic on their own account, inasmuch as they are always excluded from attending respectable ones. Happy thought. Book it.

An atrocious murder has been committed within sight of the spires of Portland and the perpetrator is still at large. Would it not be a proper thing for the county authorities to offer a liberal reward for the detection, arrest and conviction of the murderer?

FIRE AT OAK POINT.

The building at Oak Point, W. T., used as postoffice, general storage room and business office of Alex. S. Abernethy, was discovered to be on fire at about 1 o'clock Tuesday morning, and before the alarm could be given the remainder of the row, consisting of three other buildings, was enveloped in flames. With the assistance of a number of fishermen who hastened to the scene, the mill, lumber yard and other buildings were with difficulty saved. Nothing whatever could be got out of the buildings after the fire was discovered. Mr. A. S. Abernethy loses besides the buildings all his books and accounts and about $[illegible] worth of property stored in one of the buildings. Francis A. Abernethy about $300 in furniture belonging [illegible] the buildings. Geo. Abernethy loses a valuable library, the collection of many years, at a very considerable expense, with all his private papers, etc., furniture and clothing, to the amount of $[illegible], and about $[illegible] in money, a part of which was in greenbacks and therefore irrecoverable. The coin will be partly recovered in a melted mass of gold, silver and brass. Origin of the fire not known, but supposed to be incendiary.

AMUSEMENTS.

THE MINSTRELS.—At last the celebrated [illegible] Haverly minstrels have arrived [illegible] and will make their first appearance at New Market theater this evening. [illegible] the principal cities of British Columbia and Puget Sound [illegible] well established [illegible] to require comment. Wherever they have appeared their performance has met with the heartiest and unqualified endorsement of the press and public. It is scarcely necessary to say that a crowded house will greet them this evening. To-day the members of the company will give a street parade, leaving the theater [illegible] at 11 o'clock A. M. sharp. The parade will consist of a large band wagon drawn by four horses, following which will be four carriages containing members of the company. The horses attached to the vehicles will be handsomely caparisoned and the whole turnout will be very attractive. A few seats remain unsold and reserve the [illegible]

ASTORIA AND VICINITY.

After spending nearly a week at Astoria in the prosecution of mission labors among the seamen and fishermen of that port, Chaplain Stubbs and family returned to Portland last evening. During the visit services were held on board the beautiful iron ship *[illegible]* of London, on [illegible] the Bethel flag was unfurled by the chaplain and for the first time in the history of that port, invited to the worship [illegible] Quite a good attendance enjoyed the conveniences provided by Captain [illegible] for their accommodation. The other vessels in the harbor were visited by the chaplain and supplied with a liberal portion of reading for their crews.

The *[illegible]* is well forward and will get away in about ten days probably.

The *[illegible]* is taking salmon but will require two weeks more to finish.

The *[illegible]* is chartered and expects to get [illegible] of salmon during the ensuing week. The vessels are all chartered for [illegible]

The *[illegible]* revenue cutter arrived on Sabbath last and lies in the lower roads.

It is estimated that over 30 miles of net are set each night to secure the needful supply of salmon for the various canneries. A general complaint [illegible] scarcity of fish prevails among the fishermen. But from observation and conversation our reporter states there is a fair run of fish. At Tongue Point of ten or more boats that threw their fish on to the *[illegible]* yesterday the average was about [illegible] fish to a boat. According to the various statements of fishermen the boats on the lower Columbia have averaged [illegible] fish to a boat each night for the season. Hopes are entertained by them that a better run will reward these toilers of the deep during the present month.

Business at Astoria is rather dull, but better days are confidently looked for. The pulpit of the Congregational church during the absence of Dr. Craig last Sabbath was acceptably occupied by Rev. R. S. Stubbs of your city. The Baptist church is at present without a pastor and union Sabbath services are held by the Methodists and Baptists, Dr. Freeland officiating. Rev. Mr. Condit is succeeding quite encouragingly in the recently organized Presbyterian church, where meetings are held in the hall over Mr. Van Dusen's store. The fire department of Astoria have manifested very commendable energy in providing excellent arrangements for the prevention of serious loss by fire and may well be proud of their beautiful engine and bell, as also of the very fine new engine house recently completed.

The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the liver. A young lady in one of our prominent institutions of learning, who was a great favorite not only among her classmates but with all the faculty, was obliged to give up her studies and return home seriously ill. Chronic nervous sick headache, with impaired digestion, by which the circulation and nutrition of the brain was impaired, rendered her very miserable. A physician was called, who, apparently not understanding the nature of her ailment, failed to afford relief. A friend who had been similarly afflicted and found immediate relief by using Frese's Hamburg Tea recommended the same to her. She made trial of it and to her great joy found a decided improvement as the result. After a few days use of this popular remedy she was fully restored.

PAYMENT FOR SLAVES DEMANDED

REPEAL OF THE FOURTEENTH AMENDMENT [illegible]

The Macon (Ga) *Telegraph and Messenger* calls for the repeal of the fourteenth amendment that the southern people may extort payment for their liberated slaves. It says

Those slaves were not cannon and bayonets and armed foes in the [illegible] rebellion and in no sense contraband. They were our property solemnly and specifically recognized as such, and duly protected and guaranteed by that constitution and union which our adversaries alleged they took up arms to maintain intact and defend. Moreover they took no part in that fratricidal struggle save when forced to join the ranks of the invader and wage war against their best friends and benefactors. On the bandit's principle that 'might makes right' and to the victor belongs the spoils' only therefore can this robbery of an impoverished people be justified" Again 'We cannot but indulge the hope that when we have helped to extinguish the public debt and time has healed the gaping wounds of the past, when reason and brotherly love shall have fully regained the ascendency over prejudice and hate even though it shall be the next generation a brave and honorable people of the same blood and lineage will see to it that the value of our property in slaves shall be returned to those from whom it was wrongfully wrested. It will do harm to keep this question before the people that they may preserve the records and proper memoranda of their former slaves in the event that a returning sense of justice on the part of the federal government may compensate them, at least in part for the loss of this portion of their rightful property '

An Estimate of Congress.

[From the New York Times.

Congress has adjourned, leaving behind it a very unenviable character for extravagance turbulence and demagogism. It is to be hoped that when it meets again its members will have been subjected to the sobering ordeal of an unmistakable public condemnation of the principal acts and the pervading policy of the past session. The majority in the house has sacrificed consistency honesty and self respect to the dictates of a short sighted selfishness and the demands of political intriguers and jobbers. The senate has abetted the extravagance of the house very partially restrained its demagogism and helped the subsidy grabbers and claim agents in a fashion equally suggestive of corruption and cowardice. For the obvious lowering of the tone of last session's discussion and legislation the people are primarily responsible and perhaps the most important question to be decided this fall is whether the demoralization of congressional morals and methods is to touch a still lower depth, or is to be brought into somewhat closer relation with the intelligence sobriety and economy [illegible] are the true conservative forces of our time

The Last Restoration of Silver.

[From the Cincinnati Gazette]

As to the so called restoration of silver we suppose that no one will pretend to a conference with Europeans that we have had any experience to offer as a guide. With no specie payment, with near seven hundred millions of paper money, which is practically all legal tender, with this paper money depreciated, with the 'restored' silver dollar put out only in driblets, and even then falling to a discount in depreciated paper with the secretary of the treasury afraid to issue them because they would quickly take the place of gold in the customs payments, and the treasury would cease to get gold, and then a gap would open between gold and silver, with silver an elephant on the secretary's hands which he knows not what to do with and which he talks of keeping till next January to head off any presentation of greenbacks for redemption, he would be uncommonly bright who should tell a European conference that the result of our 'restoration' of silver to its 'historical position' had brought forth any results to offer as an example to the world.

Pacific Mail and Panama Railroad.

[New York Special June 28]

The basis of a settlement has been fixed between the Pacific Mail and Panama railroad. The former owes $1 700 000 secured by mortgage. It is understood that the Pacific Mail is to pay to the Panama Transit Company $100 000 in cash and to give notes for $160,000 more, payable in 30 60 and 90 days. These notes are to be signed by three individual directors. This will settle the current transportation account between the two companies up to July 1st. After that date the amounts due to the railroad company by the steamship company are to be met as they accrue monthly, and dates have been fixed for the presentation of bills so that the latter company will not be taken by surprise hereafter. These payments do not include the secured loan before mentioned, nor the further indebtedness of 480 000 for which the railroad company holds the steamship company's notes. These notes have been extended for three years from June 1st.

"Millions more to be sunk. The colossal bridge failure to cost over $1 000 000. An outrage by an unscrupulous ring on the tax payers of two cities. Estimates beyond all honest dimensions." From the foregoing headlines to an article in the New York *Star*, it will be readily inferred what that newspaper thinks of the Brooklyn bridge

The week so far has been one of the usual volume of transactions in local monetary circles with no new developments worthy of special comment. There are but few features indicating any change in rates, at present, but an impression prevails that with the beginning of the grain movement, the money market will assume a harder tendency induced by the increased call for funds for that purpose. This however has been the usual impression prior to former harvests but the present easy situation in financial matters precludes the idea of any scarcity of capital for the purposes of moving the crops, if the markets abroad should be in such a state of want of Oregon's product as to offer inducements to producers and shippers. When prices warrant an active movement of the wheat crop is not often prevented by a lack of capital and there is but little or no danger [illegible] an event the present season. The state of trade at this time is not such as to give rapid and [illegible] circulation to money of which there is no complaint of scarcity of the amount available but rather of the slowness with which it moves. California journals teem with predictions of a wonderful revival of business expected in that state [illegible] the beginning of the harvest year and [illegible] see any good reason wh[illegible] should not be equally [illegible]

Oats are about as last week with a fair demand especially for choice lots for milling purposes. The receipts are light. The steamship Oregon from San Francisco arrived at an early hour this morning

The steamship Great Republic is in the river and will leave Astoria for Portland [illegible] tomorrow morning

There are now in the river 8 or 10 vessels suitable for the grain of which only two or three have as yet been chartered for that purpose. DR. PAUL M. BRENAN.

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Difficult Diseases,

He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS

public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be likely to produce disease in plain and comprehensive language. But where he has found them crushed and broken down by disease mentally and physically he has restored them to health and happiness for it is well understood that without health there can be no happiness.

DR BRENAN

has made a specialty in the treatment of the following diseases Catarrh Bronchitis and all diseases of the throat and chest by an entirely new system only known to himself Diseases of the Kidneys and Urinary Organs Including Spermatorrhea Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world wide reputation by his astonishing success not only on this Coast but throughout the whole United States. Diseases of the stomach bowels liver and kidneys as well as all diseases of the blood and skin he has become master of and never fails to give relief at once and permanently cures the case if he is applied to in time

THE DOCTOR HAS GIVEN SPECIAL LECTURES

to ladies only for years and is perfectly familiar with all female complaints and understands their delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health

THE DOCTOR HAS THIS ADVANTAGE

over most physicians—he can tell the patients disease the moment he comes in contact with them without any aid from the individual. This accounts in part for his great professional success

All surgical operations can be performed by his skillful hand and the patient need not fear the result.

DR. BRENAN

will send to those living at a distance and who cannot well visit him free a list of Printed Questions and by the answers when filled [illegible] he can tell the disease as well as the proper treatment almost as well as seeing the patient personally and will forward the proper medicines or instruments [illegible] any part of the country with full [illegible] Each letter requiring advice [illegible] list of questions [illegible] stamps

Everything strictly confidential and honorable

THE DOCTOR

has studied in the best Medical [illegible] and three years in the Jefferson Medical [illegible] Philadelphia as more than one of the Medical men of the Medical Faculty in this state can testify

CAUTION

Persons coming to Portland requiring medical treatment of the proper kind who desire to consult with me will please beware of persons who may try to coax them away to their so called Doctors [illegible] patients [illegible] prompted by selfish motives and what they can make. Be sure and ask for DR PAUL M BRENAN the *Medical Lecturer* and read his sign on his door
